Key:

Intervention: A time limited programmed of support. Programme lasts for 6 weeks.

AHT overseas SIMs registers and log of students participating in planned interventions.

Strategy: This is responsive to students' immediate needs. May only be one or a few sessions. Intentions and outcomes usually logged on students Learning Plans. AOP leads who / what / when. All students participating in either an intervention or strategy will be discussed at WLT in the agenda item 'Pupil update'. Sharing with staff will be discussed in staff briefings.
